

22 March 2021.

Dear Parents,

Greetings and best wishes!

I would like to thank you for your support and understanding as we, as a nation and community, responded to the unexpected onslaught of COVID-19 for the past one year.

We have been proactive and constantly evolving and preparing during these ever-changing times to continue educating our students. We are following all restrictions and SOP's by the authorities. In case of any need to visit school kindly follow the instructions of coming separately, maintaining social distance and wearing masks.

I encourage our parents to visit our website regularly and follow our schoolApp for up to date and accurate information. There are many false rumors being disseminated which leads to unnecessary confusion. Everyone must understand that there is no way for us to please all as we take any decision. Our priority is to keep everyone safe while not making life more difficult for our parents. Each family situation is uniquely different. We fully understand your varied concerns. But barging into school/principal's office using abusive language and threats is not acceptable. Any support to such dubious behavior and acts is highly condemnable. In the interest of the staff and students all necessary steps are being taken to protect the students, staff and the sanctity of the institution.

The honourable Supreme Court of India has already given its verdict on payment of school fee during the pandemic period. Besides certain other issues related to fee matters concerning private schools is under the consideration of the Bombay High Court.

We strive to do what is best for all our students and employees during these challenging times.

Thank you once again for your encouragement, understanding and support.

Regards

Principal.
